

SHEET 2: COACH PIECE TO PRINT & CUT OUT; & SUPPORT TO PRINT, CUT OUT & FOLD

IF A MORE INTRICATE OUTLINE IS PREFERRED, CUT AWAY MORE OF THE PRINTED BACKGROUND FROM AROUND THE COACH ILLUSTRATION. BUT ENSURE THAT ENOUGH OF THE PIECE REMAINS MAKE IT SUFFICIENTLY STURDY TO STAND UPRIGHT (WITH THE BACK SUPPORT), AND TO LEAVE ENOUGH SPACE TO PLACE THE SUPPORT BEHIND THE COACH WHEELS, SO THAT IT'S NOT VISIBLE FROM THE FRONT. CUT OUT THE COACH WINDOWS AND COACH-LIGHT GLASS IF YOU HAVE AN LED TEA LIGHT TO PLACE BEHIND THE CUT-OUT WHEN ASSEMBLED.

CUTTING CLOSE TO THE PRINTED LINES WILL BE MORE CHALLENGING, AND REQUIRE SMALL, POINTED, SCISSORS OR A CRAFT KNIFE (AND SO UNSUITABLE FOR SMALL CHILDREN). PRINTING ONTO PAPER, AND BACKING WITH CARD, MIGHT MAKE CLOSE CUTTING MORE DIFFICULT, DEPENDING ON THE THICKNESS OF THE BACKING.

AFTER PRINTING AND CUTTING OUT, LIGHTLY MARK THE SUPPORT AT 2.5 CM (1") INTERVALS ON THE BACK (AT THE POINTS INDICATED BY THE ARROWS, LEFT).

SCORE, FOLD AND CREASE BETWEEN THESE POINTS, TO MAKE A SQUARE FRAME, WITH A 1CM (C. 3/8") TAB AT ONE END.
